

Groundwater Management Compliance

Eight of the participating have groundwater as a part of their supply. The list of agencies and their contact information is provided below. Note that the City of Folsom is also included in the table below. Folsom does not have groundwater as part of its supply, but the operation of its project has the potential to impact groundwater. Therefore, its contact information is provided in the table.

Agency	Contact Name	Phone	E-mail
Carmichael Water District	Steve Nugent	916-483-2452	steve@carmichaelwd.org
City of Folsom	Marcus Yasutake	916-351-3528	myasutake@folsom.ca.us
City of Lincoln	Jon Crawford	916-508-7752	jcrawford@ci.lincoln.ca.us
City of Roseville	Cathy Lee	916-746-1703	clee@roseville.ca.us
City of Sacramento	Brett Ewart	916-808-1725	bewart@cityofsacramento.org
Fair Oaks Water District	Tom Gray	916-967-5723	tgray@fowd.com
Placer County Water Agency	Brent Smith	530-823-4886	bsmith@pcwa.net
Sacramento County Water Agency	Darrell Eck	916-874-5039	eckd@saccounty.net
Sacramento Suburban Water District	Dan York	916-679-3973	dyork@sswd.org

Ten of the seventeen proposed projects either include groundwater-related facilities or have the potential to impact groundwater based on operations resulting from the use of the facilities. The table below lists each project and whether the project would have potential groundwater impacts. For those that do not have an impact, a brief justification is provided. For each of the projects with potential groundwater-related impacts, a form to certify groundwater management compliance has been completed. **Signed originals of the groundwater management compliance forms for the eight agencies with potential groundwater impacts indicated in the table below are included with the hard copy submittal component of this application.**

Agency	Project Name	Groundwater Impacts?		Justification (if no groundwater impact)
		Yes	No	
Carmichael Water District	Lower American River Pipeline	X		
City of Folsom	Hazel/50 Intertie Improvements	X		
City of Lincoln	Well #2 Reactivation	X		
City of Lincoln	Nelson Well Improvements	X		
City of Roseville	PFE and Zone 4 Pump Stations	X		
City of Sacramento	Phase 2B Well Rehabilitations	X		
City of Sacramento	Sacramento River Pump Station Modifications		X	Improvement at surface water treatment plant
City of Sacramento	Lower American River Pump Station Modifications		X	Improvement at surface water treatment plant
El Dorado Irrigation District	Main Ditch Piping		X	No part of district or project over groundwater basin
Fair Oaks Water District	Madison Well Construction	X		
Placer County Water Agency	American River Pump Station Improvements		X	Improvement at surface water diversion location
Placer County Water Agency	Agricultural Drought Response Incentives Program		X	Water conservation, not related to supply
Regional Water Authority	Regional Water Efficiency Drought Measures		X	Water conservation, not related to supply
Sacramento County Water Agency	Striker Well Upgrades	X		
Sacramento Suburban Water District	Antelope Booster Pump Station Phase 2	X		
Sacramento Suburban Water District	Enterprise Intertie Improvements	X		
San Juan Water District	Barton Road Intertie		X	Intertie between two surface water systems
